After considering the testimony, pleadings, memoranda, argument of counsel and the law and for reasons provided herein,

IT IS HEREBY ORDERED, ADJUDGED AND DECREED

1. This Court issues, as authorized by *Chauvet v. City of Westwego*, 599 So.2d 294 (La. 1992), a mandatory injunction ordering the City and its offices to:

A

(a) Institute the back pay due each Class member as past due longevity increases under R.S. 33:1992(B) from January 1, 1979 (pursuant to the declaration contained in this Court's September 4, 2002 Judgment);

(b) The Court finds and, therefore, these calculations were formulated City base pay, State Supplemental Pay, millage pay, and scheduled and unscheduled overtime pay, and shall recognize a period of entitlement for each Class member running from his/her third through twenty-third year of service, the initial calculations are contained in Exhibit 1;

(c) These back longevity calculations were performed on a cumulating or compounding basis, including both the base pay ("actual" pay) and accrued longevity;

(d) These timely calculate back annual leave days that would have been accrued by each Class member, based on the "exigible" dates established in the September 4, 2002, Judgment, pursuant to R.S. 33:1996 over and above that accrued under then existing Civil Service Rules, to any 45 or 90-day caps under the "use it or lose it" rule. Save for the firefighters who sought annual leave denied from either due to on-the-job injuries or manpower shortages, these firefighters and these days are attached hereto as Exhibit 2;

(e) That an offset as to back longevity pay be afforded the City in any year in which a Class member realized a 2.5% Civil Service longevity increase, but not in those years in which a general City raise was realized;

(f) The total amount of the Judgment is \$176,183,448.39, as contained within Exhibit 1 and annual leave days denied to the firefighters (listed in Exhibit 2), plus interest, as well as \$24,130,682.45 in employer pension contributions; and

(g) That the City and its officers immediately adjust the base pay of Class members (active and retired) to include all longevity raises that they should receive pursuant to R.S. 33:1992(B), including those accrued outside the July 14, 1978, prescriptive period commencement date, as ordered in the September 4, 2002 Judgment, for purposes of current and future pay, as well as for the calculation of back pay due under this Judgment.

New Orleans, Louisiana, this 28 day of February, 2003.
